

## **INSET Training Developing School Grounds for Learning and Improving Biodiversity**

**Course Tutors:** Forest School Swansea Neath Port Talbot

**Venue:** Bishop's Wood Countryside Centre

**Date:** Friday 16th March 2012

Friday 1st June 2012

**Time:** 9.30 am – 3.00 pm

**Cost:** £80

### **Aims:**

- To give teachers the confidence and skills to develop and utilise their school grounds for outdoor learning and play.

### **Learning objectives:**

- To start the process of how to plan and develop school grounds to be used sustainably for outdoor learning and play.
- To increase knowledge of practical outdoor activities to be used in school grounds that complement key skills and curriculum requirements.

### **About Forest School SNPT trainers:**

Our training staff has over 20 years of environmental education experience, including school grounds development, wildlife gardening for biodiversity, Earth Education training, and Forest School provision. We have extensive experience in developing resources, creating lesson plans, and designing school grounds to enhance holistic learning for all ages and abilities.
